RE: Patient Name:	Paredes Alfaro,Leonardo Rudby
Guarantor Number:	6033722
Total Responsibility:	\$991.68

Dear Mr. Leonardo Rudby Paredes Alfaro:

The application for Financial Assistance you have requested is enclosed. In addition to completing the Financial Assistance application you will need to send us supporting documents listed under "Income Information" section of the Financial Assistance application. Please remember to include copies (not the originals) of your supporting documents. If you are approved for Financial Assistance, your award may be reversed if the information relied on to make the determination is deemed to be incorrect.

Financial Assistance is available only after all other sources of funding have been exhausted, including payments from group or individual medical insurance, Medicare, Medicaid, any third party coverage such as automobile, personal liability, or accident policies and legal settlements.

Please return the application and supporting information by 5/23/22 so we can review your account in a timely manner. You may return the application and information by mail or through your MyChart account at mychart.uwmedicine.org. If we don't receive the information by that date, our standard payment terms will apply.

If you have any questions while completing the application, you can contact us Monday through Friday from 8:00 AM to 5:00 PM at 206-520-0400 or toll free 1-855-520-0400. You can also refer to the UW Medicine Financial Assistance website at uwmedicine.org/financialassistance.

Sincerely,

January
